PETITION FEE TRANSMITTAL

Honorable Commissioner  
of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

Applicant was informed today by the Examiner for the above application that a Petition for Consideration of Information Disclosure Statement, dated September 22, 1997, and believed to have been mailed on that date, nevertheless could not be found in the PTO files. To remedy this situation, and because of the short time frame within which the issues in the Petition must be resolved, the undersigned has already faxed a copy of the same directly to the Examiner for consideration. The present letter is also being faxed and mailed to your office to ensure timely delivery and consideration.

On the assumption that the petition fee is also misplaced, Applicant hereby encloses a check for \$130 to cover such expense.

Petition for Consideration of  
Information Disclosure Statement (37 CFR 1.97 [D])

Honorable Commissioner  
of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

The Examiner's most recent Office Action dated September 2, 1997 indicates that the Information Disclosure Statement (IDS) submitted by the Applicant on August 7, 1997 had been received but not considered because a petition, fee, and appropriate certification had not been provided at that time. Accordingly, in response to the Examiner's comments, A petitions pursuant to 37 C.F.R. 1.97 [d] and 1.97[e] for the consideration of the submitted on August 7, 1997.

The issue fee for this case has NOT been paid, but is due for payment on 12/12/97. As the time for paying the issue fee is rapidly approaching, timely consideration of the present petition is also requested.

BASIS FOR PETITION – CERTIFICATION UNDER 1.97(E)

First, as required by 1.97[d] (1) and 1.97[e](2), the undersigned hereby certifies that to the best of his knowledge after conducting a reasonable inquiry, none of the references cited in the aforementioned IDS were known to any individual designated under 1.56(c) more than three months prior to the filing of the IDS.

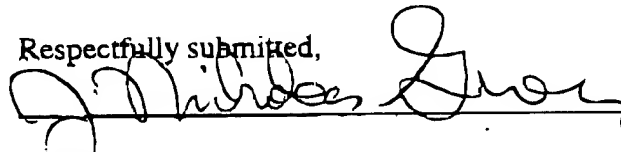

Accordingly, Applicant has met the requirements of 1.97 [d](1), and thereby petitions under 1.97[d](2) for consideration of the IDS and accompanying references. Applicant submits that the application is entitled to and should receive the full benefit of the Examiner's review in light of all known potentially relevant references, and on this basis requests such review. Nevertheless, for the reasons set out in detail in Applicant's August 7 amendment discussing these newly discovered references, Applicant further submits that the allowed claims distinguish over such references as well. Accordingly, Applicant respectfully requests the issuance of a Supplemental Notice of Allowance that considers the aforementioned references.

PETITION FEES

Pursuant to 1.97[d](3), the petition fee 37 CFR 1.17(i), \$130 has been paid with the enclosed check.

September 22, 1997

Respectfully submitted,
